Camp Royal Sandy Smith
Bulletin Editor Nancy Slatten

Meeting Happenings

President Russ wished all a happy new year. Bob Melrose gave the invocation and Bill Burch led the pledge of allegiance to the flag.

President Russ reminded us that the Rotary International President's dinner is February 13th at the Fairmont Hotel in San Francisco. The Mid-year Rotary Assembly is Sat., Jan. 24th. It will be in Stockton at the Radisson. Try to attend, please.

Roy Williams reported that the radio ad for the annual grants will begin next week on "Star 99". Information is also on our website. Copies of the grant application will be available at the next Rotary meeting (or on the website).

The members reported a successful delivery of all the Christmas presents to the 62 needy children. Thanks to all who worked on the project.

A slate of officers was presented to the club naming Rex Inglis as the new Vice President. The slate was accepted and elected by acclamation.

Recognitions started with David Gibbs' anniversary. It seems they are too young to be married 17 years! \$17.00, please. Chris Engh and Peggy also had an anniversary.

Birthday babies were Ed Van Vranken (who isn't really a baby), Julie Katana, who was not present at the meeting, and John Boisa..the bib four-oh! \$40 plus an additional \$10 as our share of his poker winnings! Sorry, John.

Mike Robinson has a new granddaughter. She was due December 23, but didn't arrive until January 5th. Well, there goes the tax deduction. Six pounds, 13 ounces and a bell ringer! Thanks, Mike. Now you really will have your arms full of babies!

The Valentine Dinner will be held at the El Rancho on Tuesday, February 10th. Social hour at 6:00 p.m., and dinner at 7:00 p.m. Flowers will be presented to the ladies. Dinner menu will be announced shortly.

Rob Born, Special Agent of the Federal Bureau of Investigation.

Rob Born was introduced as our weekly speaker. He is a Special Agent with the FBI. He spoke about weapons of Mass destruction.

Rob complimented California on having well prepared "First Responder Teams". He cited several examples of attacks in California and the Nation by "kooks" and other deranged people.

Chemical attacks are the most dangerous because they are easier to arrange and have long-lasting effects. Biological attacks are difficult since most of the ingredients occur

naturally and they disperse rapidly.

Thank you Rob for taking your time to visit our club and for your very interesting talk.

THE FOUR WAY TEST

Of all the things we think, say or do

- * Is it the **Truth**?
- * Is it **Fair** to all concerned?
- * Will it build **Good Will** and **Better Friendship**?
- * Will it be **Beneficial** to all concerned?

COG MEMBERS

January 13 Louise Canaga
