Meeting Happenings

President Russ invited Perry Johnson to introduce and induct David Gibbs as our newest member. He really got the Royal Treatment! Wow! Welcome David, we're pleased to have you as our newest member.

President Russ announced that the Board approved \$500 to be donated to Milos Pavlovic's education account at this time. At a later date they could reconsider an additional amount.

December 20th will be Stockton Sunrise's 20th Anniversary. Invitations are to be sent out to past Presidents and members to join us for our event. Kreso Luckars will take care of the invitations.

Al Furr, Richard Rogers, Jim Cumming, and Ross Lockhart were recognized for serving five and six years at the Summit Book Store. Thanks, you are very much appreciated. And

Judith Buethe loves your dedication and expertise (and all your help). And Judith...another great Business Summit!

Pres. Russ reminded everyone to invite their spouses, etc. to our "Meet Our Rotary Families" meeting October 28th at 6:00 at Brookside.

Gary Long was in Augusta? Nope! Dallas National Country Club, very new, very posh, very exclusive, invitation only! \$72 for bragging rights! Thanks Gary.

Steve Taylor, Asst. District Attorney, SJ County is our Vocational Speaker.

Steve Taylor, while trying to help himself to President Russ's precious bell, said he was born at Edwards Air Force Base in 1955. He is an attorney with the San Joaquin County District Attorney's Office. He started his career with the Attorney General's office in Sacramento.

He came to Stockton for a "short time" in 1981 and has been here since. He has worked in the Consumer Affairs Dept., where he was successful in getting 24 securities fraud convictions.

He has worked in many different parts of the DA's office, the last was Elder Abuse, and now he is working with sexual and violent predators. Watch your p's and q's! Thanks, Steve. Very interesting. And I'll bet your job is, too.

Wade Williams, Lawrence Livermore Lab, Lasers and Nuclear Engineering Dept.

Perry introduced Wade Williams, who is with the National Ignition Facility at the Lab.

They are working on a laser project which will take five to eight years to complete. He said they have 192 lasers in a special

building, all different sizes, and the building is the size of two football fields.

He gave a very interesting talk. Thank you for coming to visit and enlighten us.

Well, did everyone vote last Tuesday? Are we all going to miss Governor Gray? We now have Governor Arnold. Look out world, here comes Caleifornia!

THE FOUR WAY TEST

Of all the things we think, say or do
* Is it the **Truth**?
* Is it **Fair** to all concerned?
* Will it build **Good Will** and **Better Friendship**?
* Will it be **Beneficial** to all concerned?
